

The background features a stylized illustration of a fisherman in silhouette, wearing a hat and casting a long net into a body of water. The scene is set against a sunset sky with a gradient from dark blue at the top to bright orange and yellow near the horizon. The fisherman's reflection is visible in the dark blue water.

Why This Session?

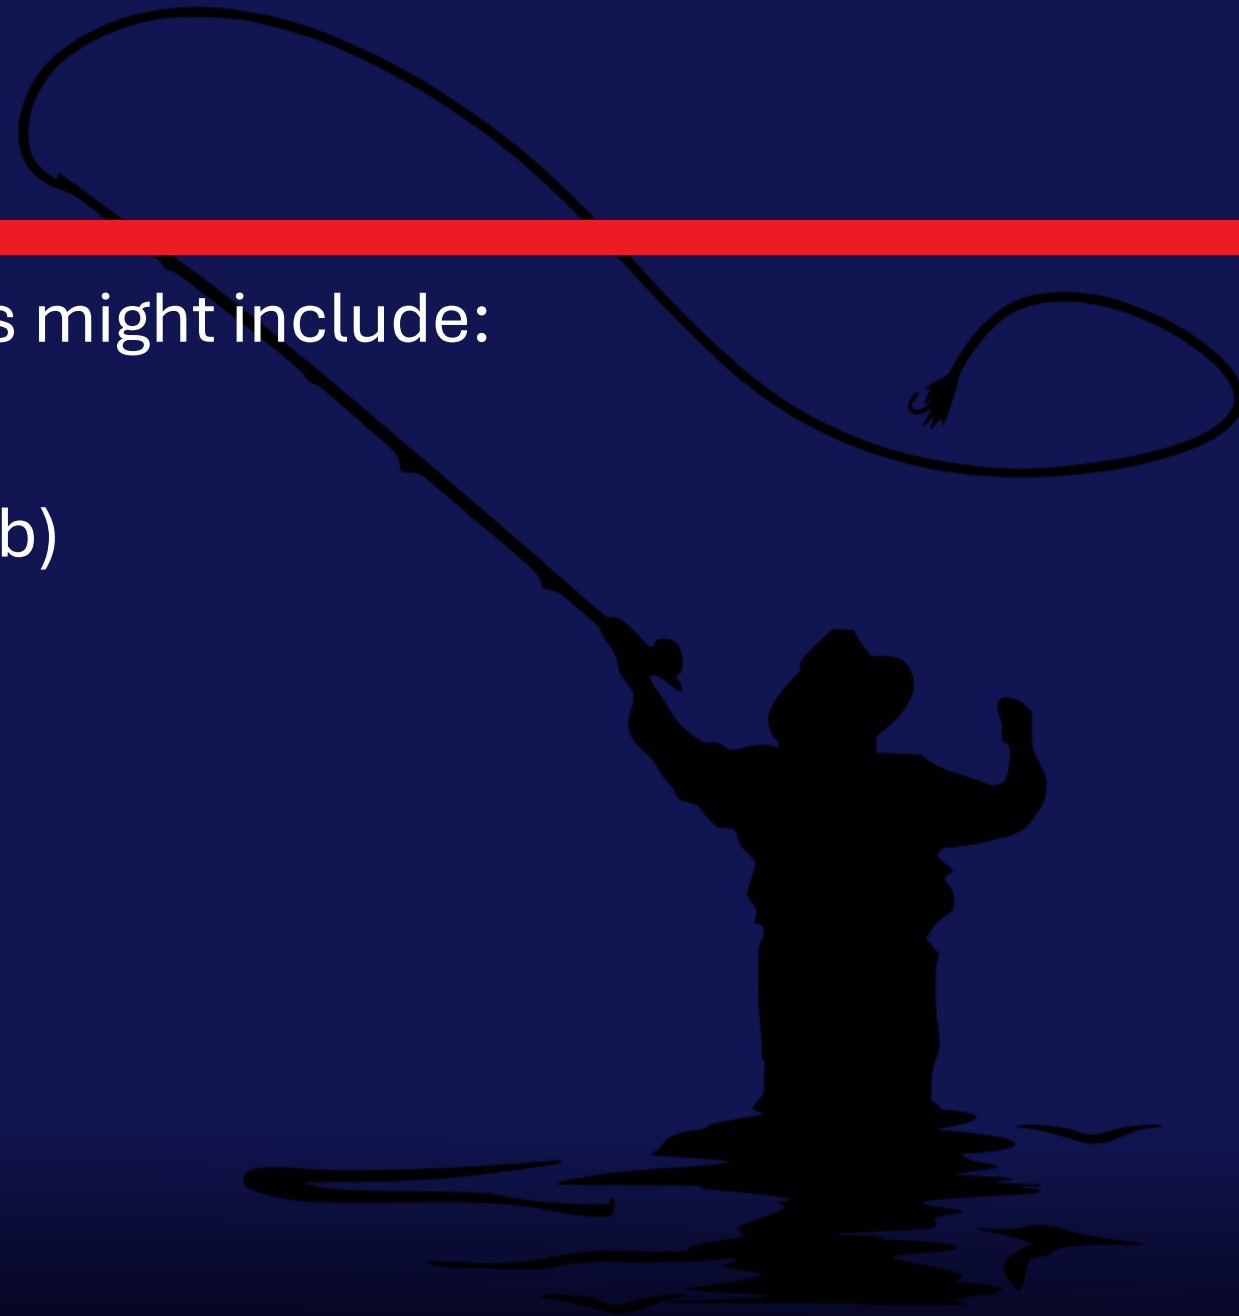

- ♦ There are many opinions on how to approach things in PowerShell
- ♦ Understand some pros and cons of various PowerShell topics
- ♦ Maybe have a chance to share a hot take of your own...
and have us debate/challenge you
- ♦ You want to see Jeff get stuck having to argue the worst opinions...

What We'll Cover

Hot takes on the broadest of topics might include:

- ◆ Output (is Write-Host **that** bad?)
- ◆ Testing (Pester is boring and dumb)
- ◆ Syntax (Regex is overkill)
- ◆ Objects (Lists are overkill)
